

Situation Overview

Overview

In May 2025, the Ethiopia ES/NFI Cluster launched its digital Common Pipeline Request Tracking System, known as the Cluster Pipeline, using IOM's technical infrastructure. This Cluster-led, partner-oriented platform enables the fast-tracked and transparent request, review, and approval of available shelter and NFI resources, improving coordination between cluster leadership and implementing partners for a stronger humanitarian response.

Objective

The Common Pipeline's primary objective is to ensure the timely, cost-effective, and quality delivery of essential emergency shelter items. By utilizing IOM's established procurement systems, global supply agreements, and logistical capacity, the pipeline provides durable materials that meet humanitarian standards and reach affected populations without unnecessary delays.

Support to Partners

The system helps partners overcome common challenges such as inflated local market prices, substandard materials, and prolonged procurement processes. Through real-time capacity updates and a centralized approval process, partners gain reliable access to pre-positioned stock, enabling them to plan and respond more effectively in emergency situations.

Progress

Since its launch, the Common Pipeline has facilitated coordinated distributions to affected populations in multiple regions. In South Wello (Amhara), Central Zone (Tigray), and East Borena (Oromia), displaced households received vital shelter support just ahead of the rainy season. Additional responses are underway in North Wello, demonstrating the system's value in ensuring rapid, well-coordinated humanitarian action, reaching a total of 24,310 displacement-affected people.

Plan and Progress

Essential Shelter Kit

Planned:
96,881 HHs

Reached &
Ongoing:
10,100 HHs

Available in Stock &
Pipeline: 2,632 HHs

Gap: 84,149 HHs
(87%)

Central Zone
Woreda Adwa town
Implementing Partner Nexus Ethiopia
Beneficiary 1540 HHs
Activity Taraulins to repair ES for IDPs

Central Zone
Woreda Axum town
Implementing Partner Nexus Ethiopia
Beneficiary 1925 HHs
Activity Taraulins to repair ES for IDPs

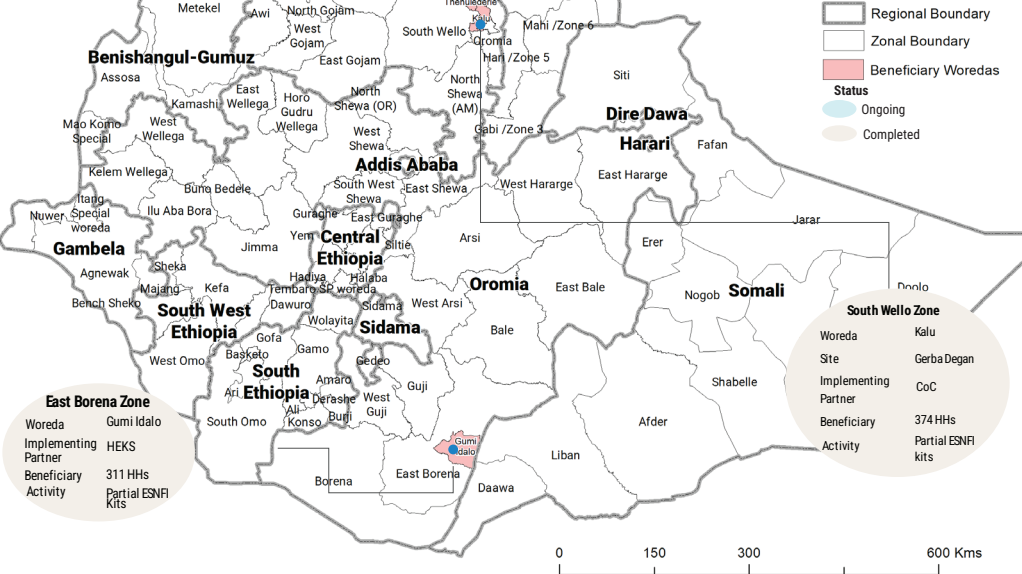

North Wello Zone
Woreda Habru Jara
Implementing Partner Samaritan's Purse
Beneficiary 270 HHs
Activity Partial ES/NFI kits

Central Zone
Woreda Abiy Adi town
Implementing Partner Nexus Ethiopia
Beneficiary 35 HHs
Activity Taraulins to repair ES for IDPs

South Wello Zone
Woreda Thehulederie Jari2
Implementing Partner HelpAge & CRS/BDCS
Beneficiary 645 HHs
Activity ES and partial ES/NFI kits

East Borena Zone
Woreda Gumi Idalo
Implementing Partner HEKS
Beneficiary 311 HHs
Activity Partial ES/NFI Kits

South Wello Zone
Woreda Kalu Gerba Degan
Implementing Partner CoC
Beneficiary 374 HHs
Activity Partial ES/NFI kits

Response by Activity

Distribution of Partial ES/NFI Kit
Reached: 1295 HHs
Ongoing: 270 HHs

Provision of Emergency Shelter Kit
Reached: 35 HHs

Provision of Shelter Repair Kit
Ongoing: 3500 HHs
