

Monthly Achievements

In July 2025, partners provided NFI assistance to **64,851** individuals with core NFI, including cash assistance.

Sector partners also met the shelter needs of **11,437** individuals in July through IDP site infrastructure improvements, dignified shelter construction, emergency shelter provision, and rehabilitation of damaged or unfinished shelters.

As-Sweida Emergency Response as of 21st August

Needs

- Since mid-July **2025**, rising inter-communal tensions and insecurity in As-Sweida Governorate have caused widespread displacement, creating urgent shelter and NFI needs. Over **160** collective sites have been identified across As-Sweida, Rural Damascus, and Dar'a.
- Hirjalleh site (Rural Damascus): discussed as a potential hosting area, with **450** vacant units requiring rehabilitation (doors, windows, fixtures).
- Inter-agency assessment (19–20 Aug, As-Sweida countryside): extensive home damage (looting, burning, vandalism) observed; most houses need minor repairs and debris clearance. Public facilities (schools, health centres) and basic services (water, electricity) are largely non-functional.
- Next steps: support shelter repairs, restore essential services, and address UXO risks, access constraints, and HLP issues in the post-emergency phase.

Response

Over **58,000** people (**11,688** households) have been assisted so far, mainly through NFI distributions, with about half the kits complete and the rest partial. A total of **384** response actions have been recorded, led by UNHCR (**60%**), MWL (**17%**), AFH (**5%**), and other actors. Assistance has been concentrated in As-Sweida (**39%**) and Dar'a (**39%**), with Rural Damascus (**12%**) also covered. Upcoming distributions include IOM (**2,091** kits), Oxfam (**366** kits), and DRC (**600** kits). The Sector is also preparing for a coordinated shelter repair response to support potential safe and dignified returns once access and security conditions allow.
