

KEY FIGURES

GENERAL UPDATES

- Heavy rains and flooding have severely impacted IDP sites mainly in Aden, Al Hodeidah, Lahj, Marib, and Ibb governorates.
- An estimated 46,000 households were affected in more than 190 IDP hosting sites.
- Initial assessments indicate that approximately 41,000 families require Non-Food Item (NFI) assistance, while 28,000 families are in need of shelter support. Verification and detailed assessments are still ongoing.
- To date, limited NFI and shelter assistance has been provided due to limited partner resources.
- NFI and shelter resources have so far been allocated by UNHCR, YRCS, BCHR and the Shelter Cluster Common Pipeline.

SECTORAL NEEDS

Food Security

- 6,372 households require urgent food assistance.
- Food referrals made to implementing partners; many cases are still pending.

WASH

- Limited reporting of WASH needs, though partners noted damage to latrines and urgent requirement for water trucking in some sites.
- Only 4 sites explicitly requested latrine and water point support.

Health & Protection

- 1 injury reported. No deaths.
- Scattered mentions of health and protection needs but with very limited referrals.
