

NFI distribution of items from the NFI Common Pipeline to IDPs in Sakali camp Nyala, South Darfur. The distributing partner was NCA.

NEED ANALYSIS

- Since mid- January 2016, there has been significant displacement from the Jebel Marra region which straddles Sudan's North Darfur, Central Darfur and South Darfur state (see inset map from OCHA), to safer locations in the three states as a result of increased fighting between government security forces and armed opposition movements.
- Over 70,000 people have been verified as newly displaced, adding to the caseload of those displaced late in 2015.

RESPONSE

- In 2016, based on the HNO, the ES/NFI Sector is planning assistance to 140,000 families (700,000 people) through Sudan, but largely in Darfur where the needs are the greatest.
- Despite delays in funding UNHCR and partners were able to assist accessible newly displaced and protracted IDPs/returnees with lifesaving emergency shelter and non-food items through the NFI Common Pipeline and partner carry-over stocks. New funds just received and expected (CERF and SHF) will allow for procurement to replenish the dwindling stocks.

GAPS / CHALLENGES

- The HNO and the 2016 HRP have not yet been published due to some differences between the GoS and the Humanitarian community on the figures for people in need under the various categories.

COVERAGE AGAINST TARGETS (HH)

Emergency shelter and Non-food items delivered Jan to April 2016	
Total NFIs (blankets, sleeping mats, jerry cans, kitchen sets) delivered	115,114
No of beneficiaries assisted	178,328
No of plastic sheets (ES) delivered	22,035
No of HHs received ES construction material (bamboo sticks and rope)	6,300
Transitional shelters	0
