WHEREAS, the legislature of the State of New Jersey has declared that the development of agriculture and the retention of farmlands are important to the present and future economy of the State and the welfare of the citizens of the State; and

WHEREAS, The Gloucester County Board of Chosen Freeholders has endorsed the aforesaid declaration of policy by the State legislature and has established an Agricultural Retention and Development Program in a manner entirely consistent with State statutes, State administrative regulations and the policies and practices of the State Agricultural Development Committee; and

WHEREAS, it is the intention of the Gloucester County Board of Chosen Freeholders to acquire a development easement from Grantor in a fashion consistent with, and pursuant to, terms which will reserve a right and opportunity on the part of the Grantee to enroll the development easement in the State of New Jersey Agricultural Retention and Development Program at some future time according to rules, regulations and policies of the State Agricultural Development Committee then appertaining; and

HCH II
1-1 C 145
K/L

For the purpose of this Deed of Easement:

"Residual dwelling site opportunity" means the potential to construct a residential unit and other appurtenant structures on the Premises in accordance with N.J.A.C. 2:76-6.17.

"Residual dwelling site" means the location of the residential unit and other appurtenant structures.

"Residential unit" means the residential building to be used for single family residential housing and its appurtenant uses. The construction and use of the residential unit shall be for agricultural purposes.

"Use for agricultural purposes" as related to the exercise of a residual dwelling site opportunity and the continued use of the residential unit constructed thereto, means at least one person residing in the residential unit shall be regularly engaged in common farmsite activities on the Premises including, but not limited to: production, harvesting, storage, grading, packaging, processing and the wholesale and retail marketing of crops, plants, animals and other related commodities and the use and application of techniques and methods of soil preparation and management, fertilization, weed, disease and pest control, disposal of farm waste, irrigation, drainage, water management and grazing.

15. The land and its buildings which are affected may be sold collectively or individually for continued agricultural use as defined in Section 2 of this Deed of Easement. However, no division of the land shall be permitted without the joint approval in writing of the Grantee and the Committee. In order for the Grantor to receive approval, the Grantee and Committee must find that the division shall be for an agricultural purpose and result in agriculturally viable parcels. Division means any division of the Premises, for any purpose, subsequent to the effective date of this Deed of Easement.

- i. For purposes of this Deed of Easement, "Agriculturally viable parcel" means that each parcel is capable of sustaining a variety of agricultural operations that yield a reasonable economic return under normal conditions, solely from each parcel's agricultural output.

16. In the event of any violation of the terms and conditions of this Deed of Easement, Grantee or the Committee may institute, in the name of the State of New Jersey, any proceedings to enforce these terms and conditions including the institution of suit to enjoin such violations and to require restoration of the Premises to its prior condition. Grantee or the Committee do not waive or forfeit the right to take any other legal action necessary to insure compliance with the terms, conditions, and purpose of this Deed of Easement by a prior failure to act.

17. This Deed of Easement imposes no obligation or restriction on the Grantor's use of the Premises except as specifically set forth in this Deed of Easement.

18. This Deed of Easement is binding upon the Grantor, the Grantor's heirs, executors, administrators, personal or legal representatives, successors and assigns and the Grantee; it shall be construed as a restriction running with the land and shall be binding upon any person to whom title to the Premises is transferred as well as upon the heirs, executors, administrators, personal or legal representatives, successors, and assigns of all such persons.

19. Throughout this Deed of Easement, the singular shall include the plural, and the masculine shall include the feminine, unless the text indicates otherwise.

20. The word 'Grantor' shall mean any and all persons who lawfully succeed to the rights and responsibilities of the Grantor, including but not limited to the Grantor's heirs, executors, administrators, personal or legal representatives, successors and assigns.

21. Wherever in this Deed of Easement any party shall be designated or referred to by name or general reference, such designation shall have the same effect as if the words, "heirs, executors, administrators, personal or legal representatives, successors and assigns" have been inserted after each and every designation.

22. Grantor, Grantor's heirs, executors, administrators, personal or legal representatives, successors and assigns further transfers and conveys to Grantee all of the nonagricultural development rights and development credits appurtenant to the lands and Premises described herein. Nothing contained herein shall preclude the conveyance or retention of said rights by the Grantee as may be permitted by the laws of the State of New Jersey in the future. In the event that the law permits the conveyance of said development rights, Grantee agrees to reimburse the Committee at a certain percent of the value of the

HCH III

development rights as determined at the time of the subsequent conveyance. The actual percentage of reimbursement by the Grantee to the Committee shall be determined according to the percentage of cost sharing between said parties at the time when they enter into their own grant agreement for the enrollment of these development rights in the New Jersey Agriculture Retention and Development Program.

23. That portion of the net proceeds, representing the value of the land only (and not the value of the improvements), of a condemnation award or other disposition of the Premises following termination of this Deed of Easement, as permitted pursuant to N.J.S.A. 4:1C-11 et seq., P.L. 1983, c.32, shall be distributed among the Grantor and the Grantee in shares in proportion to the fair market value of their interests in the Premises on the date of execution of this Deed of Easement. For this purpose, the Grantee's allocable share of the proceeds shall be the net proceeds multiplied by a fraction, the numerator of which is the fair market value of the development easement as certified by the Committee at the time of the initial acquisition and the denominator of which is the full fair market value of the unrestricted Premises as certified by the Committee at the time of the initial acquisition, which is identified as (\$12,900.00 / \$15,000.00). Furthermore, the Grantee's proceeds shall be distributed among the Grantee and the Committee in shares in proportion to their respective cost share grants in the event that the Grantee and the Committee, subsequent to the date of this Deed of Easement, enter into a cost sharing grant agreement. The Grantee shall use its share of the proceeds in a manner consistent with the provisions of N.J.S.A. 4:1C-11 et seq., P.L. 1983, c.32.

24. Grantor understands and accepts that Grantee may, at its sole option, apply to have this easement enrolled for participation in the State of New Jersey Agricultural Retention and Development Program as administered by the State Agriculture Development Committee. It is the intention of Grantor to convey to Grantee, by this present instrument, all of the rights which would be conveyed under N.J.S.A. 4:1C-11, et. Seq., and under N.J.A.C. 2:76-1.1, et. Seq., in order to qualify this easement for participation in the State program. Grantor hereby agrees and undertakes to cooperate with Grantee in any appropriate aspect of the State application process and to execute any necessary papers presented by the State or Grantee in connection therewith. Grantor hereby consents to the participation in or exercise of any of Grantee's rights therewith. Grantor hereby consents to the participation in or exercise of any of Grantee's rights and obligations hereunder by the State Agriculture Development Committee or any other State agency or political subdivision of the State of New Jersey. Grantee stipulates that any rights and prerogatives which Deed of Easement extends to the Committee (which entity is neither a party to this conveyance nor to any of the negotiations and agreements leading up to the same) are inchoate and shall not be exercised unless and until Grantee and the Committee enter into a cost share agreement as a result of the enrollment of this easement in the State of New Jersey Agriculture Retention and Development Program.

25. No historic building or structure located on the Premises may be demolished by the grantor or any other person without the prior approval of the State Agriculture Development Committee. Historic building or structure is a building or structure that, as of the date of this Deed of Easement, has been included in the New Jersey Register of Historic Places established pursuant to N.J.S.A. 13:1B-15.128 et seq.

The Grantor signs this Deed of Easement as of the date of the top of the first page. If the Grantor is a corporation, this Deed of Easement is signed and attested to by its proper corporate officers, and its corporate seal, if any, is affixed.
