

Cones for Lines Classic PRO 4"

Art. No. 1514041

Cones for Lines Gold PRO 6"

Art. No. 1514042

Color-coded cones to be affixed onto the field lines for water polo use.

These color-coded cones are also used for the finishing lines for open water. Made in a soft EVA foam and easily affixed onto (100 mm or 150 mm in diameter) discs.

For water polo: 14 cones are to be used according to the World Aquatics instructions: 2 white, 8 red, and 4 yellow cones.

It is also possible to add more cones, for example, 4 extra white cones (one for each corner) and/or add 4 extra red cones (2 on each side of the goal markings.)

For open water: 8 cones are proposed. On the all red finishing line 4 yellow, and on the all yellow finishing line 4 red cones, placed at 10, 20, 30, and 40 m from the finishing line.

Cones are sold in pairs of 2 of the same color.

Cones for Lines are used for:

- Water polo field of play markings
- Open water finishing distance markers
- Swim training assistance (ex: swim school training to gradually increase distance 5 m, 10 m, 15 m).
