

# BECO SHORTY MEN

Fit: “tight fit”

Our Beco neoprene models offer a close-to-body fit with optimal wearing comfort in sizes XS to XL. These models are designed for sports use in water activities such as water sports, stand-up paddling, surfing, and snorkeling. For optimal thermal insulation, this model should be worn very tightly against the body.

How to measure body dimensions:

Please take all measurements close to the body.

BU (Bust): measured at the fullest part of the chest

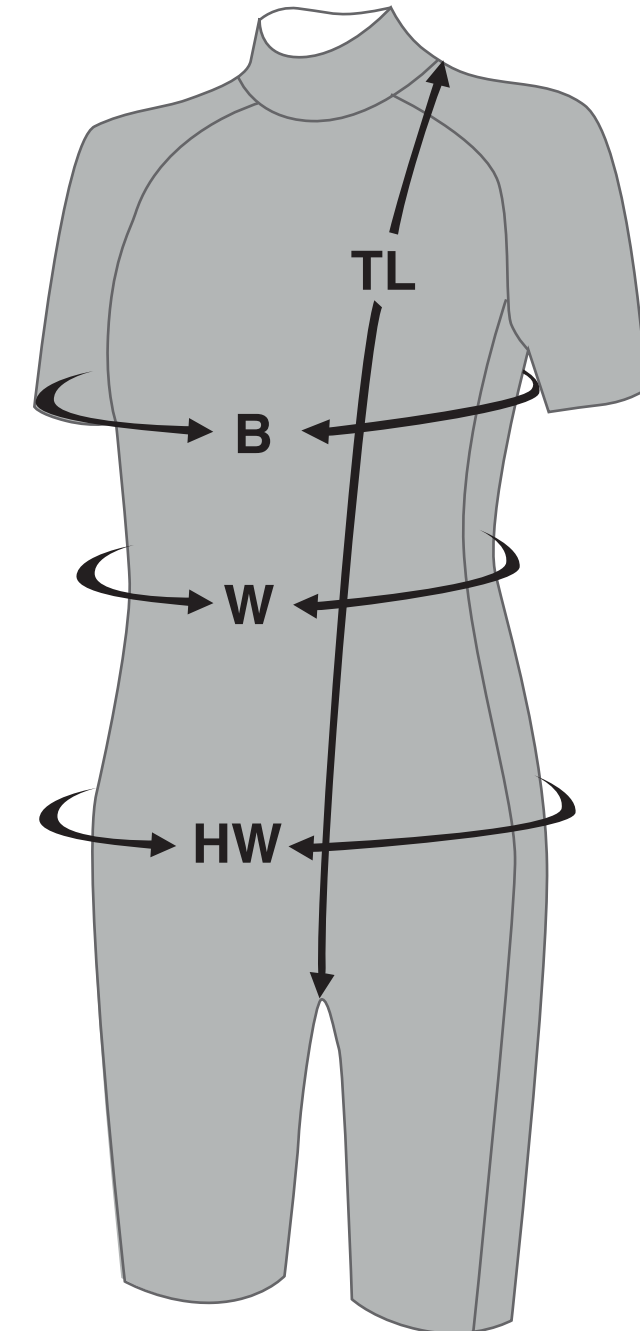

W (Waist): measured at the narrowest part of the waist

HW (Hip Width): measured at the fullest part of the hips

TL (Torso Length): measured from the shoulder/neck base to the middle of the (inseam)
