

## Top with track start

Upgrade your existing starting blocks to the latest industry standards.

Equipped with an adjustable track start and a top surface of 500x700mm, just like a competition block.

The track start part is easily removed when not in use.

This top may be fitted onto most existing starting blocks and is a cost efficient way to upgrade your training facility.

Made in a solid plastic material, all black, with an excellent anti-slip surface.

It may be purchased with or without the backstroke handle.
