To hosts of PanAm Events

PANAM AQUATICS AND MALMSTEN ANNOUNCE GROUNDBREAKING PARTNERSHIP

PanAm Aquatics, the organization that brings aquatic sports together in the Americas, announced a groundbreaking partnership with Malmsten. This collaboration will amplify the strength of aquatics with visionary leadership and lasting impact.

Malmsten, with a long history and deep passion for aquatics, is a designer and manufacturer of high-end aquatic pool equipment. Racing Lane Lines (Gold PRO with its unique disc and float design for increased wave reduction), Water Polo equipment, Swedish Goggles and all kinds of competition and training equipment for aquatic activities.

“We are very excited to partner with PanAm Aquatics. With our new distribution and manufacturing plant in Arizona we are now better positioned to service each event and each National Federation on its way to incorporate high end competition equipment to key venues. We are looking forward to hearing from you and getting to know your needs. We are hoping to build a mutually beneficial partnership with all the PanAm Aquatics members”, said Mikael Orn, CEO of Malmsten, Inc.

Official Supplier

Malmsten is Official Supplier for PanAm Aquatics since 2022 providing competition equipment for international events.

Malmsten Racing Lane Line PRO Technology

The improved functionality of PRO-design is based on the proven Malmsten "wave-depleting technology" design by allowing wave energy to be dispersed along the length of the lane line.

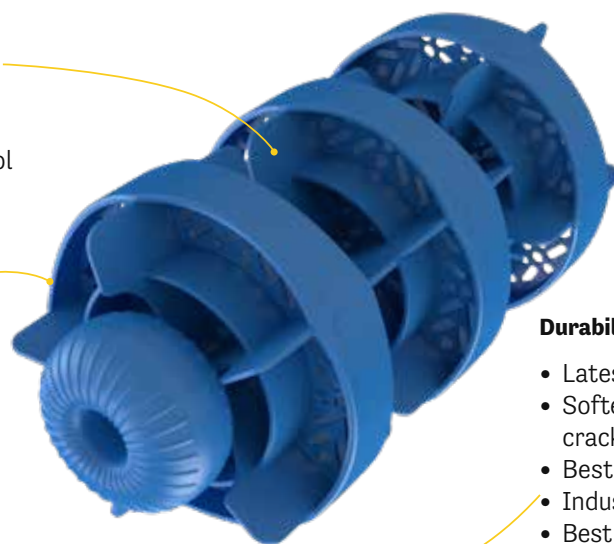

- The disc pattern, with dual function has larger holes for smoother water flow-through as well as better wave energy absorption.
- More mass on each disc affects the water position in a positive way thus more wave reduction.
- Gold PRO® and Classic PRO™ discs are wider and heavier for absorbing energy better, which means more strength to handle tough waves.
- The outer ring on the disc has been slimmed down in the middle between the blades for increased water flow-through.
- The inner ring has increased in size for catching the wave and increasing the weight of the disc.
- The new floats have a unique design with special ridges that work together with the discs to increase wave reduction. The ridge design helps to break down the wave.

Functionality

- Water turbulence control
- Superior wave reduction
- Latest PRO-discs and PRO-floats
- "Wave-depleting technology"
- Original Take-up reel – a precision tool
- Best water positioning

Environment

- Extended durability
- May be recycled at end of product life
- Harmless material with no traces of heavy metals
- Assembly process with minimum carbon footprint

Durability

- Latest industry MD polyethylene
- Softer material to avoid discomforting cracks in material
- Best color fastness 8/8
- Industry best UV-protection 8000ppm
- Best wire solution on the market, strong, safe and flexible wire, stainless steel 316. Ø 5/32" (4 mm) 7x7 threads

- Optimizes Pool Conditions
- For Record Breaking
- Swimmer's Choice
- Outstanding Wave Reduction
- Improved Durability

THE DIFFERENCE

Gold PRO® is the new championship Racing Lane Line and the result of many years of R & D.

Gold PRO®

Gold PRO® Racing Lane Lines, the International Competition Standard in accordance to existing World Aquatics regulations.

Malmsten Gold PRO® is the best wave breaker and turbulence control on the market for superior wave reduction. With wave energy dampening over 90 percent it is perfect for all levels of competition as well as training.

Malmsten Gold PRO® Ø 6" / 150 mm
Art. No. 1010012

Gold PRO®	Discs	Official Competition line	Wave energy damping	Weight	Incl. Take-up Reel and Tension Spring
50 m	Ø 150 mm	Yes	90,50 %	96 Kg	Yes
25 m	Ø 150 mm	Yes	90,50 %	49 Kg	Yes

Classic PRO™

Malmsten Classic PRO™ Racing Lane Line is designed with the same wave breaking technology as the Gold PRO®. It is smaller and lighter with energy damping over 76 percent. Classic PRO™ is perfect for swimming competitions and training, water polo field markings, open water finishing lines and divisional lines.

Water Polo Field of Play

Malmsten is the Official Supplier to PanAm Aquatics. We manufacture fields of play in accordance with international regulations and custom fitted to any pool dimension.

Our fields of play are manufactured with the same high-end quality as our racing lane lines. A standard field of play is design with our latest Classic PRO™ material – 100 mm discs and PRO floats. Also available with 150 mm discs (custom order).

These are lightweight, in vibrant colors and with a great wave breaking technology. Each line is equipped with a take-up reel and tension spring.

The field of play consists of 2 field lines, 8 goal lines and 2 short boxing lines (re-entry lines).

A complete field of play extends the complete length of the pool – anchor to anchor and the width of the pool for the goal line – anchored onto our water polo goals and also on the pool anchor.

Water Polo Goals

Our Water Polo Goals are designed to withstand the toughness of training and competition. Excellent water positioning and stability so that the game can be fairly played. This 3 m wide goal is the official water polo goal used in most international events and selected by World Aquatics.

1511003 Water Polo Goal 3000 x 900 x 1586 mm
Official Competition Water Polo Goal

Water Polo Goal Multi PRO

With its unique design, this Multi PRO goal, is loved by water polo players worldwide. This is surely the lightest professional water polo goal on the market. It uses the same reliable frame construction as our official World Aquatics water polo goal. The floating side pontoons are made with a strong foam to ensure a lightweight solution and thus easy to bring in and out of the pool.

Foldable for storage and designed with add-on sections, which allow the standard design to accommodate smaller pools. Available in two sizes.

1511025 Goal frame 3000 x 900 mm

1511026 Goal frame 2500 x 900 mm

Foldable for ease of storage and transport

Official Water Polo Ball

Malmsten Water Polo Balls are used for competition and training. Designed for great visibility and with an excellent grip, using the unique Gecko Grip.

- Perfect for training and competitions
- Hand buffed rubber
- Special compound rubber for increased grip

Water Polo Ball Bag

1512008 Holds up to 6 balls

1512009 Holds up to 12 balls

1512015 Malmsten WP5

1512014 Malmsten WP4
- Women

1512012 Malmsten WP4
- Junior

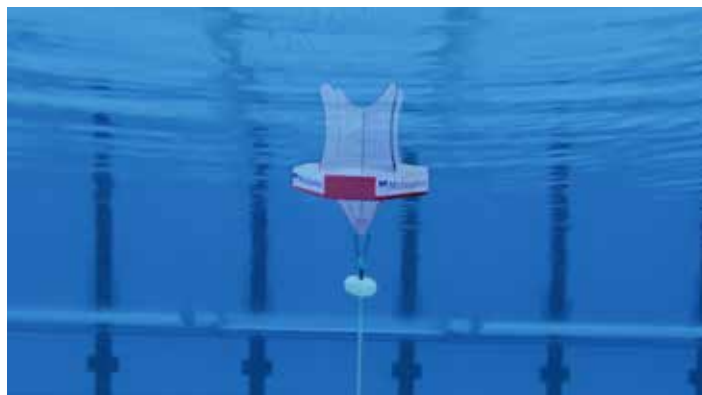

1512013 Malmsten WP3
- Junior

The ball release is used for the start of play of water polo matches. Retained on the half distance line, the ball is put into play when the ball release is submerged by pulling the rope from the side of the pool, allowing for fair and accurate starts every time.

1514047 Ball Release PRO

Advertising Structure Inflatable

Perfect suit for many aquatic events as water polo, open water, diving or synchronized swimming competition. This advertising structure is inflatable and free floating. Easy to install, comes with electrical hand pump.

Main features:

- Strong plastic-treated trevira material
- With Velcro for banner placement, possibility for 2 banners on the frontside and possibility for 1 banner on the backside

1515001 Large 9900 x 1650 x 1000 mm

1515002 Small 3962 x 708 x 630 mm

Inflatable Water Polo Equipment

Our portable and inflatable water polo equipment takes only a few minutes to install. Pump and storage bag included.

- ✓ Portable and easy to move and store
- ✓ Easy to maintain and use
- ✓ Great for WP clubs
- ✓ Great for pool and ocean play
- ✓ Easy to use inflate / deflate valve
- ✓ Auto-Lock Valve System
- ✓ Made in a strong reinforced PVC with welded-on solid plastic corners

Malmsten

A Proud History of Innovation

Our History

Malmsten was founded in 1974 by Tommy and Margareta Malmsten. Having his roots in competitive swimming, Tommy saw the industry's needs. Today, our wide range covers virtually everything needed for new construction, renovation and operation of a swimming pool.

Quality

Our philosophy at Malmsten is to be the leading supplier of swimming pool equipment with the highest quality standards at competitive prices. We also want to offer the best service and consulting.

Realizing that a chain is only as strong as its weakest link, we put high priority on emphasizing the highest quality and reliability of all components in our products and installations.

About Us

We believe in long-term relations with employees, clients and suppliers. Our goal is to provide you with the best service regardless of whether you choose standard products or unique design solutions with custom manufacturing - all at competitive prices.

PANAM AQUATICS

PANAM AQUATICS AND MALMSTEN ANNOUNCE GROUNDBREAKING PARTNERSHIP

Melbourne, Australia – December 14, 2022 – PanAm Aquatics, the organization that brings aquatic sports together in the Americas, announced today a groundbreaking partnership with Malmsten. This collaboration will amplify the strength of aquatics with visionary leadership and lasting impact.

Malmsten, with a long history and deep passion for aquatics, is a designer and manufacturer of high-end aquatic pool equipment. Racing Lane Lines (Gold PRO with its unique disc and float design for increased wave reduction), Water Polo equipment, Swedish Goggles and all kinds of competition and training equipment for aquatic activities.

Maureen Croes, PanAm Aquatics president said, “PanAm aquatic athletes have shared the need for superior swimming equipment and resources. The realization of this partnership with Malmsten will benefit our athletes and National Federations” and added, “Malmsten's line of products fits with PanAm Aquatics goal to provide our athletes with the best possible competitive environments for success.”

Marcus Malmsten, CEO of Malmsten AB, said, “We are excited to explore how we can best support PanAm Aquatics in its impressive competition calendars.”

“We are very excited to partner with PanAm Aquatics. With our new distribution and manufacturing plant in Arizona we are now better positioned to service each event and each National Federation on its way to incorporate high end competition equipment to key venues. We are looking forward to hearing from you and getting to know your needs. We are hoping to build a mutually beneficial partnership with all the PanAm Aquatics members”, said Mikael Orn, CEO of Malmsten, Inc.

OFFICIAL PARTNER

From Swimmers for Swimmers - with a passion for aquatics

Malmsten Inc. established in Phoenix, Arizona, in 2020, by former swimmers Mikael Orn and Simon Percy.

Mikael and Simon both swam for Arizona State under Ron Johnson. Two different career paths are now teaming up in Malmsten Inc.

Mikael was one of Tommy Malmsten's most successful swimmers and swam for Arizona State 1980 – 1984. He was the NCAA Champion 1983 in 200 yards freestyle and bronze medalist in the 1984 Olympic Games.

In assuming leadership of Malmsten Inc., Mikael brings to bear his extensive experience as an IBM executive. He is a hands-on business leader with a track record of innovation, leading to market expansion and patents.

Simon swam for the New Zealand National Team from 1980 to 1994 including the 1990 Commonwealth Games, 1991 World Championships and 1992 Barcelona Olympics. He swam for ASU from 1991 to 1994, representing the university at the NCAA and became an All American and Academic All American. He graduated in 1994 with a Bachelor of Science.

Aside from his business career, Simon has coached swimmers since 1994, including a return to Arizona State as an Assistant coach from 2006 to 2011. During the 2008 financial crisis, which forced ASU to cut the men's swimming program, Simon teamed up with Mikael Orn, and other Alumni, securing funds to assure the future of Men's Swimming at ASU, which thrives today under head coach Bob Bowman. A unique achievement in the Swimming community.

Malmsten Inc. is a subsidiary of Malmsten AB – the Global Leader in Racing Lane Lines.

Malmsten Inc. produces Classic PRO™ and Gold PRO® Racing Lane Lines for the North American market in accordance with the original Malmsten specifications.

Malmsten Inc.'s line of products also includes other Official World Aquatics equipment such as Water Polo Goals, Water Polo Fields of Play, Open Water Finishing Lines as well as a proven range of pool construction equipment.
