

BECO SHORTY WOMEN

Fit: “tight fit”

Our Beco neoprene models offer a close-fitting cut with optimal comfort, available in sizes XS to XL. These models are designed for active use in water sports, stand-up paddling, surfing, and snorkeling. For best thermal insulation, this model should be worn very tightly against the body.

Measuring body dimensions:

Please take all measurements close to the body.

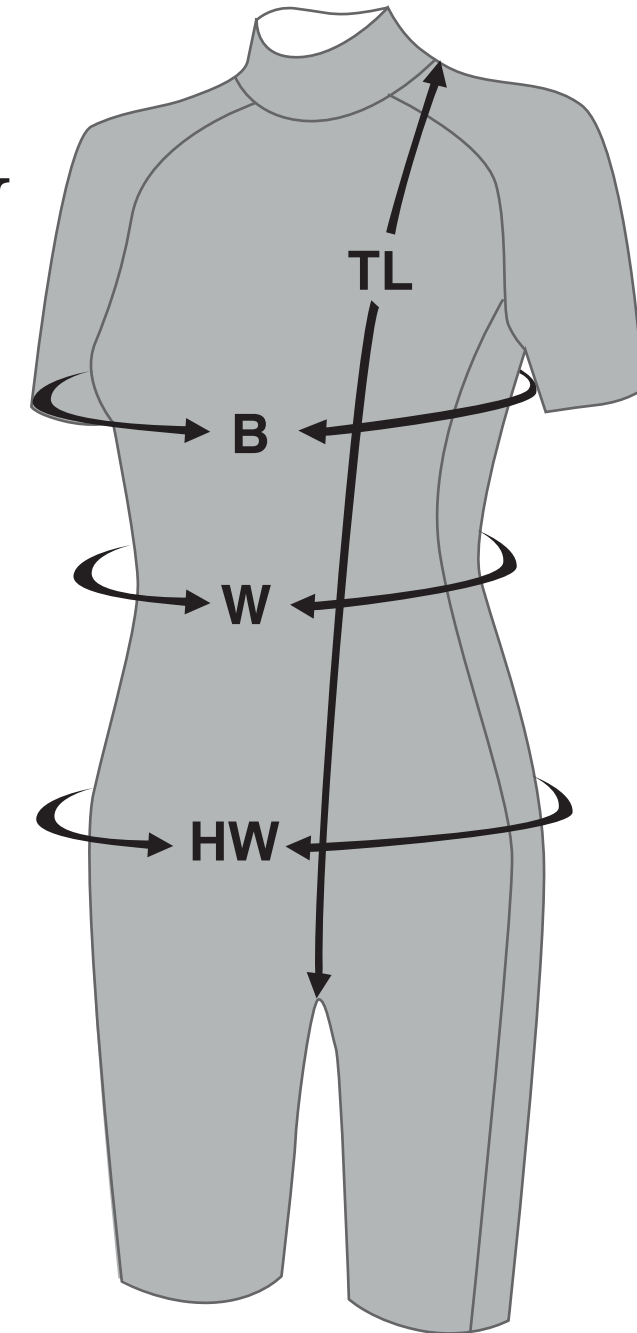

B (Bust): measured at the fullest part of the chest

W (Waist): measured at the narrowest part of the waist

HW (Hip Width): measured at the fullest part of the hips

TL (Torso Length): measured from the shoulder/neck base to the middle of the inseam
