The Commune

Village life in Grône is punctuated by warm community events, local festivals, and vibrant club activities. The residents, deeply attached to their local area, foster a strong sense of community, where everyone can easily find their place.

Grône has modern school facilities that serve children from the region, from preschool through middle school. The dedication of the teaching staff, combined with state-of-the-art facilities, ensures an environment conducive to student learning and development.

The village also benefits from a diverse range of local businesses. It features essential local shops—a bakery, butcher shop, grocery stores, and a pharmacy—as well as a few artisans and service providers that strengthen local self-sufficiency. Small cafés and restaurants allow residents to gather and enjoy local specialties.

The Project

Ideally located in Grône, Le Grand Golf is an exceptional real estate development comprising 30 luxury apartments, nestled in a privileged panoramic setting overlooking the prestigious 18-hole Sierre Golf Course. Scheduled for completion in 2026, Le Grand Golf offers apartments ranging from studios to 3.5-room units, with floor areas between 39 m² and 130 m².

Each unit enjoys optimal sunlight and breathtaking views of the surrounding mountains, the true hallmarks of Valais.

The building's contemporary architecture captivates with its large balconies offering unobstructed views, its private, fenced-in gardens on the ground floor, and a thoughtful design that maximizes natural light and promotes daily well-being.

On-site concierge service and high-quality construction round out this project, designed to ensure a secure, stress-free, and sustainable purchase.

Close to all amenities

Situation

Grône, located in central Valais between Sion and Sierre, enjoys excellent road access thanks to the cantonal road and its proximity to the A9 highway.

The town is well served by CarPostal buses, particularly line 411 to Sion and Sierre, which runs frequently. Although Grône does not have a train station, the stations in Sion and Sierre—both just a few minutes away—provide easy access to Lausanne, Bern, or Geneva by train.

Grône thus combines accessibility, mobility, and quality of life in a peaceful setting.

Just a stone’s throw from Lakes Corne and Brèche, the project is only a 3-minute walk from the village center, schools, the sports center, and the indoor pool. This residential complex combines comfort, modernity, and quality of life.

Construction

Our housing combines modern comfort with environmental sustainability. Earthquake-resistant construction ensures optimal safety, while the spaces are fully accessible to people with disabilities.

Energy efficiency is at the heart of the project, featuring 100% eco-friendly heating, a high-performance heat pump, and photovoltaic solar panels for greater energy self-sufficiency. Each apartment is equipped with a high-end kitchen, top-quality finishes, and Swiss-quality or equivalent bathroom fixtures.

Everyday comfort is guaranteed thanks to electric blinds, a private laundry tower in each apartment, two built-in closets, and an intercom for added security.

Budget estimates are available upon request.
