The Commune

Surrounded by the Alps, Bramois enjoys a cool climate in summer and is close to ski resorts in winter. Ideal for hiking and rock climbing, the village combines natural beauty with cultural heritage, featuring churches, monuments, and local traditions.

Residents enjoy Valais cuisine, local crafts, and snow-capped peaks. As part of the city of Sion, Bramois benefits from urban amenities and a strong school system.

Sion, rich in history and culture, boasts a medieval old town, a cathedral, a castle, and numerous festivals and exhibitions. The city remains a major economic, tourist, and cultural hub, while striving for sustainable development and a high quality of life.

The Project

This new development, named “Résidence Marag-
nena,” where modernity and sustainability come to-
gether harmoniously, is ideally located in Bramois, on
the outskirts of Sion.

This development comprises 12 terrace apartments
with 2.5, 4.5, and 5.5 rooms, offering a modern and
convenient living environment, right next to local
amenities.

Each unit has been designed with the latest tech-
nologies to ensure optimal comfort while respecting
the environment. Thanks to innovative construction,
residents will benefit from low energy consumption.

The exterior is no exception to this green philosophy,
featuring landscaped private terraces and gardens
where residents can relax and enjoy the surround-
ing nature. Unobstructed and facing the Alps, these
spaces offer a splendid view of the city of Sion, the
Valère Basilica, and Tourbillon Castle.

To facilitate access for every resident, the project
also features an innovative inclined elevator, provid-
ing an elegant and functional alternative for reach-
ing the apartments from the parking garage.

Ideally complementing the complex, two addition-
al parking spaces are allocated per unit, and two
spaces are still available.

Situation

Bramois is a charming village in the municipality of Sion, located in the canton of Valais at the foot of the mountains. With its peaceful atmosphere, it offers an idyllic setting for nature lovers and outdoor enthusiasts, while being just a few minutes from downtown Sion.

Ideally located in the village of Bramois, the Résidence Maragnena offers the tranquility of its surroundings while being within walking distance of the village's amenities. A daycare center, school, post office, pharmacy, restaurants, and local shops are all less than a 5-minute walk away.

As for the city of Sion, you can reach it in less than 10 minutes by car and enjoy its many activities and amenities.

The highway is less than 5 minutes from the residence, allowing you to quickly reach other towns in the canton.

Construction

In addition to its modern architecture, this project features high-quality materials and beautiful finishes.

Heating is distributed via underfloor heating powered by an air-to-water heat pump; the blinds are electric; the windows are triple-glazed; and each floor is served by an elevator leading directly to the apartment.

A storage room, a bike storage area, and a shared laundry room are located near the outdoor parking areas. Connections for laundry columns are provided in each apartment to allow for the installation of a private laundry area.

Budgets and technical specifications can be provided upon request.
